“OUR DOOR”  
[ STEP-BY-STEP ]

“We knew exactly what we wanted: an interior door to match the extensive presence of wainscoting throughout our home. And we knew Simpson would come through for us.”

— Bill & Nancy Olsen, Everett, WA

Do you want  
to create  
these doors?  
Here’s how  
they did it:

**STEP 1** “We found the ideal door, and just told the folks at Simpson, ‘we love this door.’”

**STEP 2** “After thinking it through, and thinking about the rest of our home, we decided to get the door in knotty alder.”

**STEP 3**

“And because Simpson told us we could customize the door however we wanted to, we added a different sticking profile and had the panels grooved.”

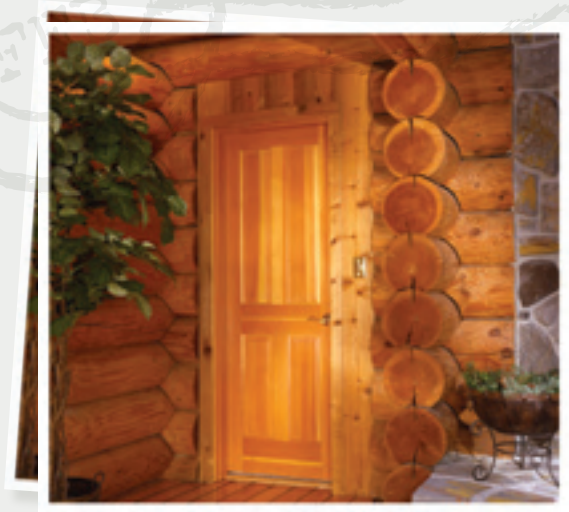

YOUR LIFE. YOUR DOOR.

*opening up*

“We have always been lovers of the outdoors, and the overall feel of our house reflects this aspect of our lives. We’ve created a very comfortable setting, and we were able to do so by complementing our home with doors that are in synch with our family’s personality. We worked with Simpson to create the ideal design, and they came through beautifully. Our door fits us – and that is exactly what we wanted.”
